### Time & Attendance Expectations:

Students are expected to manage their own time in the studio in order to maximize their productivity. The studio will open at 9 am and instruction will be from 9:30 to 4 pm. Full-time students are expected to work between 24 to 30 hours per week. Part-time students are expected to follow their individual schedule and to work for the time of their course schedule. Students are expected to make up missed days and time per agreement with the instructors. Your progress through the curriculum is ultimately dependent upon you.

All Figure Sessions will begin at 1 pm and end at 4pm. The model works for a total 3 hour time block. The 3 hour block is broken into several sessions with breaks as needed for the model. Therefore, students should be setting up at 12:50 pm. If you arrive at 1pm or later then you must wait till the upcoming time-break to set up and join the figure session.

If you have to leave early you should communicate with the instructor on duty. You are not to leave in the middle of a model session, you must coordinate your leaving with a scheduled time-break. For all students, it is possible for missed figure drawing sessions may be made up in either the day or evening sessions per agreement with the instructors and if space is available.

### Holidays & School Closings:

TAFAs typically follows Fort Worth ISD for holidays and school closings due to inclement weather.
